

# RESPLENDENT EPISTLE

**JULY 2023**

## Leaders in making "What gets monitored gets improved."

This simple yet powerful mantra highlights the crucial role that monitors play in driving positive change within a classroom setting. With enthusiasm and responsibility, these monitors maintain discipline, encourage participation, and foster collaboration among their peers. Their dedication ensures a smooth and enriching learning experience for all. We are proud of these exceptional leaders in our school community, as they embody qualities of dedication and leadership. Together, we create an environment where every student can thrive and reach their full potential.

Presenting our newly elected class monitors from SAS, Gundlapochampally.

**Exhilarating field trip:** "Nothing beats an exciting hands-on experience to deepen learning. The magic of field trips isn't just the subject. It's the break of monotonous and mundane routine and adventure that opens up children's minds to new things". The students of St Anthony's School, Gundlapochampally, visited the authentic tribal life museum - Nehru Centenary Tribal Museum at Masab Tank, sneaked a quick look Into The Tribal Life Of Andhra Pradesh and Telangana. The students were in for a heap of knowledge and made notes as in a history class.

**Newspaper reading** is an important habit that should be inculcated in everyone's daily routine. It is a source of information that helps us stay updated with the current happenings around the world. It is not only informative but also helps in improving our language and vocabulary. The students spend every day 30 min reading in non-academic hours, one of the tool of DEAR TIME.

Super Teacher

Jim Corbett was a hunter and famous for hunting man eater tigers. Once I read his famous book, Man eaters of Kumaon. He shared his experience that one day a child from nearest village of Kumaon, Uttarakhand went to forest. He was tired and slept in the forest. A Man-eater tiger found him, he smelled him but he left the child and proceed further even though he was hungry. I

INTERNATIONAL  
**TIGER DAY**  
29<sup>TH</sup> JULY

think this reflects 'Tiger' is a special animal in our ecosystem. To reflect & celebrate 'International Tiger day!' Grade 2 of Saint Anthony School celebrated the day. The day started with the significance of why tiger is an endangered species followed by a role play which transformed the entire plinth into an emotion mood of saving tigers,

The students of Grade 2 were dressed in yellow and black with the tiger mask to show how important tiger is for the food chain and considered the highest Predator and the program came to a standstill with grade 10 recitation of the poem TIGER IN A ZOO. The assembly was animated by Ms Bharati of Grade 2 Mother Mentor.

## PTM - FIRST ever

8<sup>th</sup> June was a historic day for SAS education system as , parents, and students came together for the first ever joint PTM, hosted by the school before examination. At the end of the day, I couldn't help but feel proud of the faith that parents have placed in us to transform their children's future.

Their hopes and dreams fuel our drive to continue working towards a brighter future. Antonians can rest assured that we will deliver on our promises of academics and holistic development. Let's continue to work together to build a better tomorrow for our children.

# TELANGANA BONALU

SAS, Gundlapochampally Celebrated the Bonalu festival on a grand scale with religious fervor and gaiety in their school premises on Saturday.. The girls participated in the festivities by carrying fully decorated traditional 'bonam' means 'bhojanam', an offering to the Mother Goddess with neem leaves and flowers. The festival is considered a form of thanksgiving to the Goddess after the fulfilment of the vows during the month of Ashadam. The assembly was conducted by Ms Lakshmi and Ms Sabitha from Telugu Dept.

HAPPINESS

Float and sink activity

## PRE PRIMARY BLOCK

Heavy and light activity

### Science lab Activities

Science labs play a crucial role in helping students enhance their learning and understanding of scientific concepts. Here are some ways in which science labs help students, Hands-on learning, Critical thinking and problem-solving, Exploration and discovery.

Science labs provide a dynamic learning environment that complements traditional teaching methods, fostering a deeper appreciation for science and encouraging students to become active participants in their own learning journey.

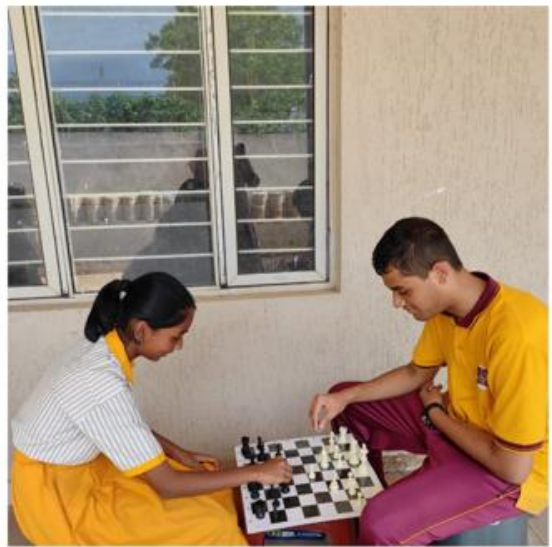

## Hobby classes - RECREATION

"The most important thing in the Olympic Games is not to win but to take part, just as the most important thing in life is not the triumph, but the struggle. The essential thing is not to have conquered, but to have fought well." - Pierre de Coubertin

Hobby classes can have several positive impacts on students, contributing to their overall personal and academic development, hobby classes can be a well-rounded and enjoyable way for students to grow and develop beyond their academic studies, contributing to their holistic development as individuals. Encouraging students to pursue their interests and hobbies can lead to a better-rounded and fulfilled life.

**STAY TUNED FOR MORE UPDATES AND HAPPENINGS FOR THE MONTH OF AUGUST**

**"THE MONTH OF AUGUST IS A TIME TO CELEBRATE THE WARMTH OF FRIENDSHIP AND THE JOY OF LAUGHTER WITH LOVED ONES."**
