**St Anthony's International School**

**Affiliated to CBSE 3630462**

**RESPLENDENT  
EPISTLE**

**NOVEMBER 2023**

Learning is fun, when students learn by doing, rote learning will not give them enough application-based understanding.

Rote learning is a memorization technique based on repetition. Example learning tables, periodic tables.

Students understand by doing and implementing any experiments, math logic, concept through art, group discussion, with nature and around them.

This month, we have encouraged and motivated students to speak and break their nervousness

We have always disciplined students to follow line discipline, to speak and improve the language skills and to be confident speakers, in order to do so, communicative English is introduced.

Effective writing instruction fosters critical thinking, communication skills, and the ability to express oneself clearly—a set of skills that extends beyond academic is emphasized through Writing neatly, clearly and proper presentation.

ST ANTHONY'S SCHOOL GUNDLAPPOCHAMPALLY

## Children in fancy dress woo all

**S**t Anthony's School, Gundlapochampally, organised 'I PRETEND' competition under the mentorship of Director NP Sundara Raju for the tiny tots on the occasion of Children's Day. Parents with their innovative and creative ideas dressed their kids in different costumes such as Sun, Earth, Star, Chandrayaan-III,

traffic signals, fruits, vegetables and super heroes.

More than showcasing the attire, what amazed the spectators was the confidence of the children while speaking about their characters. All students were awarded. Pre-Primary teachers Alevia, Jyothi, Sampurna and Vijetha were appreciated for an exuberant show.
